

QD-Series LED-backlit Display 75" | 84" | 98"

Size Matters:
See The Big Picture in 4K

LED

4K
ULTRA HD

Anti-Burn-in™

ON DUTY
24/7

The QD-Series are big. True 4K UHD (3840 x 2160) resolution helps them make a big difference: rendering the finest details, replacing videowalls, and handling ultra-demanding graphic applications. Coming with durable metal housing and easily shifting between portrait and landscape modes, the QD-Series make a fitting choice for digital signage and videowalls of all specifications tailored to user needs.

60Hz

120Hz

Unparalleled Visual Quality

The high brightness, high contrast ratio, and black-level alignment deliver an impeccable visual experience. Built on IPS panel with 4 times FHD resolution, the QD-Series render exquisite video quality from wide viewing angles at a refresh rate of up to 120Hz*.

* For QD-84 & QD-98

High Reliability

The QD-Series are crafted specifically to transcend the challenge of enduring 24/7 operations. AG Neovo's Anti-Burn-In™ technology also spares them ghosting while performing mission-critical nonstop operations. Metal casing and rigorously selected components not only help do the trick but also keep maintenance easy.

Easy to Display

The tiling-ready QD-Series can either stand alone replacing videowall set-ups or be arrayed in configurations of up to 10 x 15 videowalls. Using a DisplayPort 1.2 daisy-chain configuration facilitate installation of 4K UHD videowalls and secure higher bandwidth for transferring up to 4096 x 2160 resolution content.

Multi-Screen Viewer

The Picture by Picture (PbP) function and up to four inputs mean it is possible to present multiple FHD screens for different operations in one display. With the multi-screen viewing capacity, the QD-Series become a sensible option for control centres, meeting rooms, and other public settings.

Features

- Versatile connectivity: HDMI, DisplayPort, VGA, DVI, CVBS, Component
- Daisy chain availability: DisplayPort, RS-232 and IR
- IR looping allows easy control via remote controller
- USB playback: USB plug and select on OSD for media content play function
- OPS slot ready for easy media player integration
- EcoSmart Sensor for low watt power consumption
- Built-in scheduler allows different programmer scheduling
- 8 handles mounted for easy lifting
